

# Jungle World 20x10m Bounce House

## Kids will have a fantastic day!

Children will have a wonderful day crawling, jumping, climbing and sliding in this giant bouncy castle! As a finishing touch, the Jungle World also features various 3D animal objects. This gorgeous playground is developed by our own design team and it is completed by an intriguing variety of fun images in a matching theme, which children will come across while they're playing. In addition to a several slides, this enormous playground also boasts a variety of obstacles such as pillars, a tunnel to crawl through and various fun 3D objects to crawl under. It also comes with a tower that the children can use to climb all the way to the top. It goes without saying that the walls of the climbing tower are not higher than the bouncy castle itself to ensure children cannot jump out.

## Set it up yourself

Without any help, you can easily set up the jungle world yourself within 20 minutes, for instance during large-scale events. The inflatable attraction consists of three parts, which makes it easier to transport, set up and take down. We have thought of it all, so you do not have to. The jungle world is delivered as a complete package and conveniently comes with blowers, anchoring material, a transport bag and a clear manual.

## Colorfast 9x9-thread PVC

We offer premium quality and you can rely on us doing just that. Our inflatables have several reinforced tension points and are multiply stitched. The strong, high-quality, colorfast 9x9-thread PVC is very durable and easy to keep clean. Therefore, the jungle world comes with a 5-year warranty, which allows you to guarantee your customers years of optimum playing fun.

Purchase this unique jungle world and give your customers an experience that they will remember for the rest of their lives!!
