

Shooting Gallery Seaworld Bounce House

Use the air cannons to hit the targets with the balls!

The shooter is a unique JB design with three cannons that are operated by air pressure, which is a system we have patented! The kids can aim and shoot at the targets on a ramp, making the balls roll down where they are collected in a ball pit and can easily be used again. The shooter is available in a fun seaworld theme and the targets come with fun images matching the theme.

It takes only 10 minutes to set up

The inflatable shooter with a seaworld theme easily sets up within 10 minutes. It can be used, for instance, at events, kids' parties or sports activities. Transport is easy, because the shooter comes in one single part. The inflatable item comes with a blower, anchoring materials, a transport bag, three cannons, 100 shooter balls and a clear manual conveniently included. It is the complete package for a wonderful experience.

A warranty of no less than 5 years

Opting for JB inflatables means opting for premium quality, because they have several reinforced tension points and are multiply stitched. The strong, high-quality, colorfast 9x9-thread PVC is very durable and easy to keep clean. That is why we offer a 5-year warranty on this seaworld-themed inflatable ball shooter, which allows you to offer a product with years of optimum playing fun.

Purchase this unique shooter available in a seaworld theme and give your customers an experience that they will remember for the rest of their lives!!
