Buy Inflatable Airtight IPS Dartboard

Do you want to buy an inflatable airtight IPS dartboard? Then you have come to the right place at JB Inflatables. This interactive game has the same layout as a regular dartboard, only it's huge! And of course, you don't shoot it with real darts, but with a ball, a gun with gel balls or with a special bow and arrow. When you hit the IPS spot, it lights up. This way you can score points, in the same way as with a real dart game.
