

Island slide Dolphin

Smiling faces guaranteed

With this fun airtight water attraction, you will definitely score points. Children will instantly be intrigued by the cheerful 3D images and the cool design. This Island Slide is available in a dolphin theme and can be used to climb, jump, and slide. Because the play island is an airtight design, no constant air supply is needed. This means the attraction only has to be inflated once for the fun to start!

Safety first

JB develops and manufactures attractions that can safely be used by all players. All water games we offer are certified in accordance with the NEN-EN 15649:2009 safety and quality standards and come with an approved inspection certificate, a log book and a user manual. In addition, we supply a Bravo air pressure gauge to ensure the right air pressure is entered. The anchor points have to be fastened with appropriate anchoring materials to keep the product in place and prevent it from floating off or getting too close to other objects. We have thought of everything and offer the complete package for a fantastic experience!

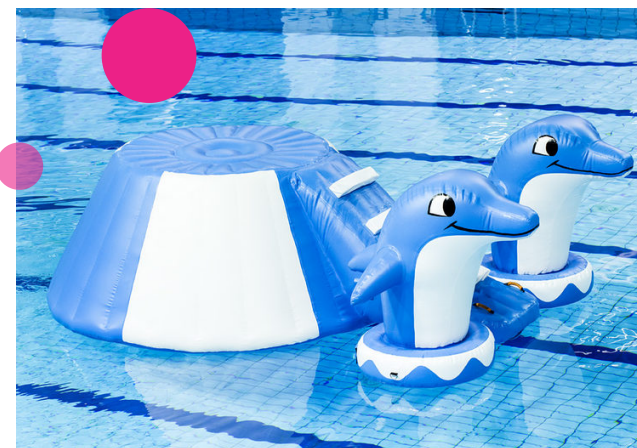

Quality products you can rely on

JB sets very high demands for its products. In order to guarantee their quality, we use selected high-frequency welded PVC material, weighing 900 gr/m². The material is strong and colorfast, which makes our products durable and they are easy to keep clean to boot. The airtight Island Slide with a dolphin theme comes with a 1-year warranty.

Purchase this fun inflatable play island for use in the pool and give your customers a fantastic day of water fun to remember!

Creators of greatness

Do you know why our customers tend to call us 'creators of greatness'? Because JB has made people around the world jump for joy for more than 15 years now - literally! All of this is thanks to our team of designers, developers and logistic staff. Every day, they supply unique inflatable attractions in a grand way! Customers are, therefore, assured of our professional service and delivery.
