The upside of it all is that falling into the water does not feel like losing at all. This is an extremely exciting obstacle course that will guarantee plenty of enjoyment.

Approved inspection to guarantee safety

For years, JB has designed and manufactured inflatable water attractions that can safely be used by everyone. Every attraction comes with an approved inspection certificate (NEN-EN 15649:2009), a blower, a log book and a clear manual. Each water attraction has several anchor points that have to be fastened with appropriate anchoring materials to ensure the object stays in place. A quick set up to get the party started.

JB's high quality demands

All water games we offer are made of strong, high frequency welded PVC material, weighing 900 gr/m2. This is how we guarantee the quality of our products. In addition, the material has a useful protective coating that is resistant to chlorine and suitable for use in open bodies of water to ensure the products are durable and easy to keep clean to boot. This Crocodile Adventure Run comes with a 1-year warranty. Purchase this 9-meter water Adventure Run and give kids an experience to remember
