

Aqua Run Dolphin

They call him Flipper, Flipper, faster than lightning

A jumping dolphin in the pool! Who would have thought? This 10-meter pool obstacle course is a feast for the eye. The dolphin immediately catches the eye and the fun play elements create splatter and spatter for everyone to enjoy. Now who wouldn't want to play with that? Offering the Dolphin Slide for your pool is guaranteed to put a smile on many faces.

Safety first

For years, JB has developed and manufactured water attractions that can be used safely. All water games we offer are certified in accordance with the NEN-EN 15649:2009 safety and quality standards. We provide an approved inspection certificate, a log book and a clear manual for all of them. To ensure the right air pressure is entered, all products come with a Bravo air pressure gauge. The anchor points have to be fastened with appropriate anchoring materials to keep the product in place and to prevent it from getting too close to other objects.

Strong PVC material

Because we are proud of our products, we set high demands for them. In order to guarantee quality, we use high-frequency welded PVC material, weighing 900 gr/m². The material we use is strong and colorfast. In addition, the material is chlorine-resistant and suitable for use in water. The Dolphin Slide is easy to clean and durable in use. This item comes with a 1-year warranty.

Purchase this pool Dolphin Slide and give your customers a fantastic day of water fun to remember!

Opt for unique inflatable attractions in a grand way!

Why has JB made people around the world jump for joy for well over 15 years, you ask? Because our expert team of designers, developers and logistics staff supply unique inflatable attractions in a grand way! Our customers are, therefore, assured of our professional service and delivery. That is why they tend to call us 'creators of greatness'.
