

Play Island Pirate

An exciting island expedition...

You can literally take this fun Pirate pool play island in whatever direction you want! Me Tarzan, you Jane - children can pretend they're in the jungle and swing on a liana to splash into the water. It also has a climbing tower to jump off, a round slide and obstacles to climb over and crawl under. So much fun and all in a cool pirate theme to boot. This is guaranteed to impress your visitors!

Safe to use

JB develops and manufactures attractions that can be used safely by everyone. All water games we offer are certified in accordance with the NEN-EN 15649:2009 safety and quality standards. That is why we provide an approved inspection certificate, a log book and a clear manual for every water attraction. In addition, all products come with a Bravo air pressure gauge to ensure it is inflated properly. The anchor points have to be fastened with appropriate anchoring materials to ensure the Pirate play island stays in place and to prevent it from getting too close to other objects. We have thought of everything, which means we supply everything you need for a fantastic experience.

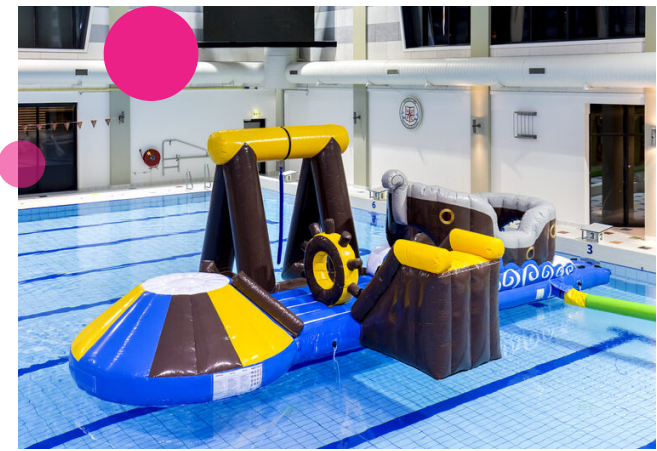

High-frequency welded

JB sets very high demands for its products. In order to guarantee high quality, we use specially selected, high-frequency welded PVC material weighing 900 gr/m2. The material we use is strong and colorfast, making our products durable as well as easy to keep clean. The Pirate play island comes with a 1-year warranty.

Purchase this fun play island for use in the pool and give your customers a fantastic day of water fun to remember!

More than 15,000 customers have led the way

Do you know why our customers tend to call us 'creators of greatness'? Because JB has made people around the world jump for joy for over 15 years now - literally! We owe this to our team of designers, developers and logistics staff, because they supply unique inflatable attractions in a grand way! This means our customers are assured of our professional service and delivery.
