

Double Run Pirate

Double lane pool obstacle course with a unique design

The Double Pirate run will definitely put a smile on many faces. This attractive obstacle course creates endless fun playing options. In addition, this 16-meter pool obstacle course comes in a unique design with intriguing 3D objects and no fewer than 2 slides. The obstacle course is double lane, which means it is the perfect attraction to have 2 opponents compete against each other. Competition, fun and games, what more could you want?

Safety first

For years, JB has developed and manufactured water attractions that are safe to use. Good to know: our water games are certified in accordance with the NEN-EN 15649:2009 safety and quality standards. All attractions come with an approved inspection certificate, a log book and a user manual. To ensure they are inflated properly, all products come with a Bravo air pressure gauge. The anchor points have to be fastened with appropriate anchoring materials to keep the product in place and prevent it from getting too close to other objects. This way you'll have everything you need for a great experience.

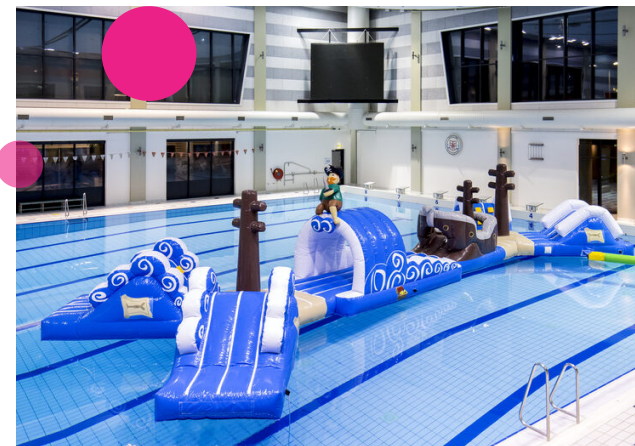

Strong PVC material

Because we are proud of our products, we set high demands for them. In order to guarantee quality, we use high-frequency welded PVC material, weighing 900 gr/m². The material we use is strong and colorfast. In addition, the material is chlorine-resistant and suitable for use in water. Moreover, the double lane Pirate run is easy to clean and durable, which is why we provide a 1-year warranty for this attraction.

Purchase this Double Pirate pool run and give your guests a fantastic day of pool fun to remember!

Unique inflatable attractions in a grand way!

Why JB has made people around the world jump for joy for well over 15 years, you ask? Because our expert team of designers, developers and logistics staff supply unique inflatable attractions in a grand way! Our customers are, therefore, assured of our professional service and delivery. That is exactly why they tend to call us 'creators of greatness'.
