

IPS Time Run 15m

An interactive obstacle course!

The Time run is a challenging slope, which can be climbed by two people at the same time. Once you are at the top, you have an extreme descend waiting for you! Do you dare to take the jump and make a fall of more than three meters? This inflatable is part of the special interactive product line, which is designed to play, using Interactive Play Systems. On the walls of the inflatable you can find spot holders to mount IPS spots on. Fight against your opponent and be the first to locate the spots of your color. Have you touched the most spots of your color in time and you are the fastest at the end of the obstacle course, then you are the winner!

Perfect to combine and easy to set up

The IPS time run is easily set up within 10 minutes. The interactive obstacle course can be perfectly combined with the IPS system and is ideal for use during events, a hexathlon or other sports activities. The time run is a single unit, what makes it easy to transport. The inflatable is supplied with blowers, anchoring material, transport bag and a clear manual. Of course you can also buy the IPS system from us to make the experience complete!

Strong, high quality and 5 year warranty

All JB inflatables are reinforced at multiple points, multi-stitched and are made of strong, high quality PVC. Because of this quality, the IPS time run is durable and easy to keep clean. You get the obstacle course delivered with a 5 year warranty. With this product you choose for years of optimal playing fun. Buy this unique interactive obstacle course and give your customers an experience of their lives!

For more than 15 years!

For more than 15 years, we have made people worldwide jump for joy. Our team of designers, developers and logistics staff delivers unique inflatable attractions in a grand way! Customers are assured of our professional service and delivery. They also call us creators of greatness.
